Policy: In order to complete the required annual EMA-wide assessment of service need for HIV+ persons, an ad hoc committee, called the Needs Assessment Work Group, will be appointed on an annual basis. The Needs Assessment Work Group (Group) will review existing data, determine new information needed, design and conduct data collection, evaluate epidemiological trends, assess client needs and inventory services available. Any update will consider past efforts, federal or state guidance, information needs of the Council and committees (especially the Priorities and Allocations Committee), changes in the disease or medical management of it, and other trends and information.

Procedure:

1. The Council Chair will select a chairperson, and the Executive Committee will appoint a Needs Assessment Work Group (Group) annually, no later than September. Group work will commence in October.
2. The Group will report to the Executive Committee. It will schedule its work and complete its tasks in March of each year, in order to present its findings to the Priorities and Allocations Committee and Council in April of each year.
3. Members of the Group will include representatives from the Council, as well as community members with specific areas of expertise. It is recommended that, at a minimum, the Group consist of:
 - one member with epidemiological expertise,
 - one member with advanced skills in research techniques and interpretation of data,
 - one or more members of the affected community,
 - one representative from the Priorities and Allocations Committee,
 - one or more members from the service provider community,
 - a representative from the fiscal agent.
 - persons with expertise in particular areas of study that the Group is called upon to address (e.g., medical care, mental health, drug treatment, etc.) may be incorporated into the work of the Group on a periodic or interim basis as needed.
4. Data and reports from past needs assessment processes will be made available through Council support staff to assist in development of priorities for the new assessment.

5. The Council's Comprehensive Plan will be used in development of the needs assessment report and the Group will assess current priorities and allocations in light of the Plan and updated needs assessment.
6. The Group's report, following acceptance by the Council, will be provided to the Priorities and Allocations Committee for use in determination of service funding priorities each year.
7. During years in which the Council determines it necessary to augment the needs assessment update with the assistance of outside consultation services, the Group will be responsible for the direction of such consultation processes and consultants.

Policy and Procedure Manual

Subject: Grievance Policy

No: GOV 05

Date Approved: 5/97

Date Revised: 06/24/20

Date Reviewed: 06/24/20

BACKGROUND

The function and the activities of the Planning Council are governed through Sacramento Transitional Grant Area's (TGA) HIV Health Services Planning Council's bylaws. Work of the Council is primarily carried out through committee structure and a grievant is welcome to first take any disputed issue to the appropriate committee or committee chair. If resolution cannot be reached at the committee level, the grievant is encouraged to contact Council staff, who will place the issue on the next available Executive Committee agenda for review and consideration. If the dispute cannot be resolved, a request for third-party mediation may be appropriate. Should mediation fail, the process of binding arbitration may be considered.

POLICY:

The Ryan White CARE Act requires that every Planning Council have a grievance procedure in place to resolve disputes related to processes such as priority-setting, funding allocations, and membership representation. The following procedure describes the Council's philosophy regarding conflict resolution and provides step-by-step instructions for non-binding and binding action.

WHO MAY BRING A GRIEVANCE

Individuals or entities directly affected by the outcome of a Planning Council decision related to funding or Council operations are eligible to file a formal grievance with the Planning Council. Directly affected party is defined as

1. Providers eligible to receive Ryan White funds;
2. Consumer groups/people living with HIV (PLWH), coalitions and caucuses within the Sacramento TGA; and

3. Any individual eligible to receive Ryan White Services

Service agencies may not bring forth a contractual agreement grievance under this procedure and are referred to the Recipient.

BASIS FOR GRIEVANCES

Any party meeting the above criteria is eligible to grieve deviations from the Council's bylaws and established written policies in the following areas:

- Council's priority setting process
- Standards for meeting established priorities
- Funding allocations according to priorities
- Process for changing priorities or allocations
- Membership representation/appointment process

Disputes involving conflict of interest are addressed specifically in GOV 06. In addition, procedural irregularity pertaining to general business or Committee meeting processes are governed by parliamentary principles as noted in Robert's Rules of Order, Newly Revised, current edition.

LENGTH OF TIME TO BRING A GRIEVANCE RELATED TO PLANNING AND SERVICES

In order to insure continuity of the Council's process and prevent delays in the provision of services, a grievance may be considered up to 30-calendar days after the Council at large has made a service decision. A grievance beyond the 30-day stipulation will not be heard.

PROCEDURE:

The grievance procedure has been organized into three phases:

1. Informal non-binding dispute resolution
2. Formal non-binding dispute resolution (mediation)
3. Binding arbitration

A grievance will only progress to the next phase if the parties involved are unable to adequately resolve the grievance through the earlier, less formal phase.

Time lines for all procedures are noted in Table I.

NON-BINDING PROCEDURES FOR RESOLVING CONFLICTS

1. Informal Non-binding Dispute Resolution

- Anyone with an issue or dispute that needs to be resolved is encouraged to contact Council staff at:

Ryan White CARE Program
HIV Health Services Planning Council
9616 Micron Ave, Suite 930
Sacramento, CA 95827

- Staff will explain the grievance procedure and provide a copy of the Council's Grievance Procedures.
- Council staff will refer the issue to the Executive Committee.
- When a formal grievance is presented, the Council Staff, Chair of the Governance Committee, community representative (non-member) and a facilitator (non-member) are responsible for reviewing the grievance to determine whether it is consistent with the type of grievance defined in the Basis for Grievance and shall also determine that the person grieving is eligible to file a grievance.
- Staff shall provide notice by mail to any person whose interests may be impacted by the disposition of the grievance that a grievance has been filed.
- The review may include an investigation and or a hearing, and will be scheduled within 30 working days of the date on which the grievance is filed.
- Until a review panel determines the nature of the complaint in relation to criteria substantiating valid grievance as defined in this document, the person(s) and or party(s) named in the grievance shall not be notified of the grievance.
- The filing party shall be notified in writing of the review, finding and disposition of the filed grievance, by the Chair of the Council Executive Committee. This notice will be provided within 10 working days of the Committee findings.

2. Formal Non-binding Dispute Resolution (Mediation)

The Council's rules for formal non-binding dispute resolution include the following:

INITIATING MEDIATION

If resolution of the disputed issue is not achieved by informal non-binding dispute resolution (as described above):

- The grievant must complete a Request for Mediation Form (Attachment A).
- The form should be returned to the Council staff at:

Ryan White CARE Program
HIV Health Services Planning Council
9616 Micron Ave, Suite 930
Sacramento, CA 95827

- Council staff will make arrangements for third-party mediation of the issue and a time and place that is acceptable to all parties.

APPOINTMENT OF THE MEDIATOR

Following review of a grievance, the TGA Council Staff shall contact the American Arbitration Association (AAA) and request that a qualified mediator be appointed. Normally a single mediator will be appointed unless the parties agree otherwise or the AAA determines otherwise. The mediator or mediation service shall be selected concurrently with the notice of response to the grievance.

QUALIFICATIONS OF THE MEDIATOR

No person shall serve as a mediator in any dispute in which that person has any financial or personal interest in result of the mediation. Prior to accepting an appointment, the prospective mediator shall disclose any circumstances likely to create a presumption of bias or prevent a prompt meeting with the parties. Upon receipt of such information the Program Manager shall either replace the mediator or immediately communicate the information to the parties for their comments. In the event that the parties disagree as to whether the mediator shall serve, the AAA shall appoint another mediator.

REPRESENTATION

The grievant and the Council may choose any representation appropriate to the nature of the grievance. The names and addresses of such persons shall be communicated in writing to all parties and the mediator.

DATE, TIME AND PLACE OF MEDIATION

The mediator shall fix the date and time of each mediation session. The mediation shall be held at a convenient location, within the Sacramento TGA, agreeable to the mediator and the parties, as the mediator shall determine. Parties shall be advised in writing of the date, time and location of the mediation session at least ten (10) days in advance unless agreed to otherwise by the parties.

IDENTIFICATION OF MATTERS IN DISPUTE

At least ten (10) days prior to the first scheduled mediation session, each party shall provide the mediator with a brief memorandum setting forth its position with regard to the issue(s) that need to be resolved. At the discretion of the mediator, the parties may mutually exchange such memorandum.

At the first session, the parties will be expected to produce all information reasonably required for the mediator to understand the issue(s) presented.

The mediator may request any party to supplement such information.

AUTHORITY OF THE MEDIATOR

The mediator does not have the authority to impose a settlement on the parties but will attempt to help them reach a satisfactory resolution of their dispute. The mediator is authorized to conduct joint and separate meetings with the parties and to make oral and written recommendations for settlement. Whenever necessary, the mediator may also obtain expert advice concerning the technical aspects of the dispute, provided that all the parties agree and assume the expense of obtaining such advice. Arrangements for obtaining such advice shall be made by the mediator per the parties, as the mediator shall determine.

The mediator is authorized to end the mediation whenever, in the judgment of the mediator, further efforts at mediation would not contribute to a resolution of the dispute between the parties.

EXCLUSION OF LIABILITY

Neither the mediation service nor any mediator is a necessary party in judicial proceedings relating to the mediation.

Neither the mediation service nor any mediator shall be liable to any party for any act or omission in connection with any mediation conducted under these rules.

PRIVACY

Mediation sessions are private. The parties and their representatives may attend mediation sessions. Other persons may attend only with the permission of the parties and the consent of the mediator.

CONFIDENTIALITY

The mediator shall not divulge confidential information disclosed to a mediator by the parties or by the witnesses in the course of the mediation. All records, reports, or other documents received by the mediator while serving in that capacity shall be confidential. The mediator shall not be compelled to divulge such records or to testify in regard to the mediation in any proceeding or judicial forum.

The parties shall maintain the confidentiality of the mediation and shall not rely on, or introduce as evidence in arbitration, judicial, or other proceeding:

- A. Views expressed or suggested made by another party with respect to a possible settlement of the dispute;
- B. Admissions made by another party in the course of the mediation proceedings;
- C. Proposals made or views expressed by the mediator; or
- D. The fact that another party had or had not indicated a willingness to accept a proposal for settlement made by the mediator.

NO STENOGRAPHIC RECORD

With respect to confidentiality of the mediation process, there shall be no stenographic and/or audio recording of these proceedings.

CONCLUSION OF MEDIATION

The mediation shall be concluded:

- A. By the execution of a settlement agreement by the parties;
- B. By a written declaration of the mediator to the effect that further efforts at mediation are no longer worthwhile; or
- C. By written declaration of a party or parties to the effect that the mediation proceedings are terminated.

EXPENSES

The party producing witnesses shall pay the expenses of their witnesses. All other expenses of the mediation, including required traveling and other expenses of the mediator or mediation service, and the expenses of any witness and the cost of any proofs or expert advice produced at the direct request of the mediator, shall be borne equally by the parties unless they agree otherwise. Expenses shall be paid within thirty days (30) days of receipt of an invoice. Any cost incurred in the process will be shared by both parties. Cost may be amortized or adjusted by a sliding scale as determined by gross income for individuals earning between 200% and 300% of Federal Poverty Guidelines (FPG). The sliding scale shall be proportionate to the individual's earnings as a percentage of the FPG, less 200%. For example, an individual earning 210% of FPG will be charged 10% of their total share of cost, while a person earning 290% of FPL will be charged 90% of their total share of cost.

The steps involved in administering the grievance process may include fees for third party arbitrators. Subject: Member Reimbursement Policy

No: GOV 09

Date Approved: 02/25/04

Date Revised: 08/26/15

Date Reviewed: 06/24/20

Background

Current Health Resources and Services Administration (HRSA) policy allows for Planning Council members to receive reimbursement for reasonable expenses incurred as a result of their participation in the work of the HIV Health Services Planning Council. The "work of the Council" has traditionally included the activities of standing committees and work groups formed by the Council.

Mileage Reimbursement

Mileage reimbursement eligibility shall include travel to and from Planning Council and Committee meetings and other Council functions. Mileage is reimbursed at the current Federal Government rate. No receipt is required, but an Automobile Expense Form must be submitted indicating actual distance traveled. *In addition to proof of auto insurance and current driver's license, a Mileage Reimbursement Authorization Information form must be on file in order to receive mileage reimbursement.*

Public Transportation

Public transportation will be reimbursed when request is accompanied by a receipt or a valid ticket indicating the fare paid. Members are required to utilize the most economical means of transportation available.

Childcare Expenses

Childcare expenses incurred as a result of Planning Council meetings and functions will be reimbursed at a rate equivalent to the maximum rate paid by Ryan White childcare providers which are reviewed annually. Childcare will be reimbursed for up to one (1) hour before and one (1) hour after scheduled Planning Council meetings and functions. A receipt must accompany your request.

Parking Expenses

Parking expenses will be reimbursed when accompanied by a receipt. Duration of eligible parking reimbursement shall include up to one (1) hour prior to and one (1) hour following scheduled Planning Council meetings and functions.

Out of Town Travel Expense Reimbursement

Planning Council members may be requested to attend out of town conferences or meetings. All requests to attend these meetings will be made by the Executive Committee.

Additionally, Planning Council members may request assistance in attending conferences not mandated by the Health Resources and Services Administration (HRSA). Requests for assistance to attend non-HRSA conferences will be made to the Executive Committee and shall include estimated costs as well as a justification for assistance in relation to the mission of the Planning Council. Requests will be judged by the Executive Committee based on availability of funds and benefits of Council representation at each conference.

Airfare and hotel accommodations (when required) will be arranged and prepaid by the Council. ***Do not anticipate reimbursement for air or hotel expenses unless arranged by Council staff.*** Original receipts must be submitted with a completed Expense Reimbursement Form.

The rates for reimbursement for Council business expenses requiring out of town travel shall be determined according to the United States General Services Administration's annual per diem rate schedule for the dates and location of travel. Rates will be reviewed annually.

Meal rates are actual amounts, meaning that unspent funds cannot be carried over from one meal to the next.

Receipts are to be turned in with the reimbursement form. No receipts are required for incidentals.

When necessary, it may be possible to advance the cost of out of town travel for members. This will not be the general policy. However, should the need arise for a member to travel who does not have the ability to cover the costs of meals and incidentals out of pocket, the Council may calculate and advance the daily appropriate amount as outlined in the United States General Services Administration's annual per diem rate schedule. Should a member receive an advance on travel expenses, detailed receipts must be presented upon return. Any unused monies shall be returned to the Council upon return.

Additional Information

In addition, expenses incurred by Council members in the performance of their duties (i.e., consumable supplies, long distance telephone charges, and FAX charges) may be reimbursed.

Should members have any questions or need further clarification of the reimbursement policy, please contact the HIV HEALTH SERVICES PLANNING COUNCIL STAFF.

Purpose

The HIV Health Services Planning Council (Council) operates most efficiently when members are knowledgeable of all policies and have an understanding of basic operating procedure. The Member Policy Acknowledgement form is created to document a member's commitment to developing a basic understanding of the principles and information contained in the Council's Policy and Procedure Manual and receipt of these materials.

Policy

All members of the HIV Health Services Planning Council are required to read and sign the Policy Acknowledgement Declaration (Attached). Members whose signed Declaration is not on file with Council staff are suspended from voting until such time as the signed document is received.

The orientation session will at minimum highlight member attendance, conflict of interest and confidentiality responsibilities. These principles will be reflected in the acknowledgement statement which the Member will be asked to sign at the conclusion of orientation.
- B. Annually, in January, all Council members will re-submit a signed Policy Acknowledgement form at an annual meeting of the Council's choosing. Ideally this activity will be timed with the general yearly review and updating of all existing operating procedure. Should a member take issue with a specific policy or operating procedure, the member may take up the issue through customary means (i.e. Council

agenda item). However, Declaration filing is required before voting privilege is granted.

- C. Council Support staff will maintain signed acknowledgement forms on file for a period of 2 years (current and last prior) after Member resignation or removal from the Council.
- D. Any member who does not submit a signed Acknowledgement form within 30 days from initial orientation or the annual review meeting date will be notified by the Chair that the Members' voting status is suspended until the Acknowledgement is received and filed by Council staff.

CODE OF CONDUCT POLICY & PROCEDURES

NOTE: This Code of Conduct formulated and adopted by for the Sacramento Transitional Grant Area (TGA) is consistent with the “best practices” of Planning Councils serving EMA/TGA’s across the United States. Further, it is compliant with guidelines of the Ryan White HIV/AIDS Treatment Extension Act of 2009 (“CARE Act”) and the most recent HRSA guidance. The Code is comprised of **two sections: (1)** one for **members of the Planning Council, its committees, ad-hoc, or subcommittees;** and **(2)** one for **members of the public** who attend Planning Council, committee, subcommittee or task force meetings as well as any other public events presented or supported by the Planning Council. Copies of this Code of Conduct are available to all meeting guests who, by their presence and participation, agree to respect and adhere to the terms of set forth herein.

Purpose and Scope

This Code of Conduct describes the behavior expected of all Planning Council members and other official meeting participants at all meetings and activities associated with the work of the Planning Council.

The Code of Conduct is designed to ensure appropriate behavior at Planning Council and committee meetings as well as other events conducted by the Planning Council. Provisions of the Code of Conduct are designed to ensure that the Council can be productive, open to community input, and respectful of its members and visitors. The Code helps to create a positive environment, and to protect all members and public participants from inappropriate and disruptive behavior.

Applicability

The Code of Conduct applies to Planning Council members and to non-members who serve on standing committees, subcommittees, or task forces.

Approval and Implementation

The Planning Council establishes, approves and secures member acceptance of the Code of Conduct.

1. The Code of Conduct is presented and reviewed at each New Member Orientation and at the Planning Council's Annual Meeting each January.
2. Non-Planning Council members of Standing Committees must sign and submit the Code of Conduct Affirmation and Pledge Form prior to joining a committee. Non-Planning Council committee members are to submit their completed forms to the Standing Committee Chair who will forward them to the Planning Council Staff.
3. Planning Council Staff will maintain a copy of the Code of Conduct Affirmation and Pledge Form for each Planning Council and/or Committee Member.

Expected Conduct by Planning Council and committee members at all Council Events

1. Conduct themselves in a professional and courteous manner at all times.
2. Follow the laws and regulations governing Sacramento County's Boards and Commissions, the agencies and jurisdictions in which they serve, and the Planning Council's Bylaws, Policies, and Procedures.
3. Follow the Council's Conflict of Interest Policies and Procedures, assist the chair of the meeting in ensuring that they are consistently followed, and conduct themselves in a manner that prevents perceived as well as actual conflicts of interest.

4. Address others with respect – as intelligent people with a right to be a part of discussions and decision making – so that everyone has the opportunity to speak and to be listened to, without interruption.
5. Follow any additional procedures for discussion that may be set by the meeting Chair, such as limiting the length of individual presentations and setting reasonable time limits on debate. The Council's Vice Chair will be responsible for helping to ensure that the Code of Conduct is followed during Planning Council and Executive Committee meetings. The Chair or Vice Chair of a committee will play this role in committee meetings.
6. Recognize the authority and follow the direction of the meeting Chair. Do not disrupt a meeting or encourage or assist members of the public to do so.
7. Cooperate with the agreed-upon decision-making process – whether majority rule, some form of super majority (e.g., two-thirds vote) if specified in the Bylaws, or consensus, etc. Unless otherwise determined, decision-making will be done using *Robert's Rules of Order*.
8. State disagreements about issues without engaging in personal attacks.
9. Follow and support decisions made by the body, regardless of their personal position.
10. Serve as both an advocate and a planner, recognizing a responsibility to both present the concerns of specific communities or population groups, and make decisions that are data-based and reflect the overall needs of people living with HIV disease in the TGA.
11. Follow the Council's Confidentiality Policy (Bylaws Article VIII), as stated in the Confidentiality Pledge signed by each member. This means not disclosing personal information about any Planning Council or committee or subcommittee member – such as the HIV status of anyone who is not publicly disclosed, or medical or personal/personnel information that would constitute an invasion of privacy – that was obtained through their Planning Council relationships and activities.
12. Act on behalf of all PLWH in the TGA, not to benefit the member or any funded entity.
13. Refrain from asking questions, requesting information, or making comments about the performance or funding of individual provider agencies. Dealing with specific providers involves procurement and contract management and is the responsibility of the recipient.

Members may, however, request information about performance and expenditures related to a service category, regardless of the number of providers in that category.

14. If they feel they cannot support the mission, goals, strategies, programs, and/or leadership of the Council and committees as agreed upon by the members, resign or decline involvement in the affected matter.
15. Take responsibility not only for following by the Code of Conduct personally, but also for speaking out to ensure that all participants follow it.
16. Every Council member will participate and allow the participation of every other Council member and guest without discrimination with respect to race, gender, religious belief, color, national origin, ancestry, age, physical or mental disability status, or sexual or gender orientation.
17. No Council member shall use alcohol or illegal drugs, or be under the influence of such, at any Council meeting or community event.
18. Violation of this Code of Conduct may lead to corrective action up to and including removal from Council membership.

Representation/Communications

Except as stated otherwise in the Bylaws, the only authorized official representatives of the Planning Council are the Chair and the Vice Chair.

1. The Chair and/or the Vice Chair may represent the Planning Council in public. This includes representation to the press, public, and in any situation where the official input of the Planning Council is needed.
2. Committee Chairs may represent their committee only, and only to other members of the Planning Council, except when authorized by the Planning Council to represent it.
3. Other members shall represent only themselves, unless properly authorized by the Planning Council or a committee to represent the Planning Council or the Committee, respectively.

Sanctions

The following measures may be taken if a Planning Council or committee member fails to comply with the Code of Conduct stipulated above.

1. When a Planning Council or committee member violates this Code of Conduct in a meeting, the meeting Chair is expected to inform him/her that the behavior is unacceptable. Others in attendance are expected to support the Chair in ensuring that everyone follows the Code of Conduct. If inappropriate behavior continues and the Chair feels it will disrupt the process, s/he may ask the individual to leave the meeting. Prior to removing the individual, the Chair of the meeting shall publicly state the reason for removal.
2. If a member of the Planning Council repeatedly violates the Code of Conduct, the Confidentiality Policy or other Council policies during committee meetings, the Committee Chair may request that the Planning Council Chair remove this individual as a committee member subject to the approval of the Executive Committee. The member will be suspended from Committee attendance and participation while the request for removal is pending.
3. If a Planning Council member continually violates the Code of Conduct in Planning Council meetings or other events, s/he may be recommended to the County Board of Supervisors Office of Boards and Commissions for "removal for cause" as stated in the Bylaws. Such a recommendation requires a two-thirds vote of the Council members, meeting in executive session, at any regular or special meeting that is held after provision of no fewer than ten business day's prior notice. If the member is recommended by the Planning Council for removal, s/he will be suspended from participation until action by the County Board of Supervisors Office of Boards and Commissions.
4. If a committee or subcommittee member who is not a Planning Council member repeatedly violates the Code of Conduct, the Planning Council Chair may remove this individual as a committee member with the approval of the Executive Committee.
5. If the individual feels that s/he has been treated unfairly, s/he may express this concern to the Executive Committee, which will attempt to resolve the situation informally. If unable to do so, the Executive Committee will inform the individual of his/her right to pursue his/her complaint using the Planning Council's Grievance Policy and Procedures process.

Expected Conduct by Members of the Public at Planning Council Events

Code of Conduct

The following is expected conduct by members of the public who attend Council or committee meetings or other Planning Council-sponsored events:

1. Members of the public are encouraged to attend and participate in meetings of the Planning Council as well as community events organized or supported by the Planning Council.
2. People living with HIV/AIDS (PLWHA) community members are strongly encouraged to attend and actively participate in the monthly Affected Communities Committee meeting. The Affected Communities Committee is an integral part of the Planning Council process. The Affected Communities Committee Chair is a member of the Executive Committee. As a result, the Affected Communities Committee is the best means of providing input and raising concerns of the PLWHA community.
3. Members of the public are encouraged to attend and participate in committee meetings and to become regular, active members of committees that include non-Planning Council membership. This allows maximum opportunities for public input at an early stage in discussions.
4. Opportunity for public comment and contribution will be included in Planning Council meetings and events. Members of the public are expected to comply with the times and means for comment and input established by the Planning Council.
5. The Agenda for each monthly Planning Council Meeting including specific issues to be considered will be posted on the Council website.
6. Members of the public may submit written comments that will be distributed to all Planning Council members and meeting attendees. In order for such written comments to be included in the Meeting Materials for a specific meeting, the comments must be provided to the Planning Council Staff no less than ten (10) calendar days before the meeting date.
7. A Public Comment Period with a firm time limit will be provided at every regular monthly meeting of the full Planning Council. Members of the public wishing to offer comments at a given meeting must submit a written or email request to the Planning Council's Vice Chair or Planning Council Staff no later than close of business on the Monday before the monthly Planning Council meeting held on Wednesday. Priority for use of available public comment time will be assigned based upon the order in which requests were received. If requests for use of public comment time exceed the pre-set period, the Chair shall have sole and final discretion of whether additional meeting time will be allocated for public comments. The Chair's decision will consider the time demands imposed by the remainder of

the agenda requiring Planning Council consideration and action at the particular meeting.

8. Time constraints prevent having members of the public participate in Planning Council debate.
9. Members of the public are expected to treat members and other guests with courtesy and respect at all times.
10. When speaking, members of the public are expected to follow any specified time limitations and to recognize the authority and follow the direction of the Chair of the meeting.
11. Members of the public may speak during the meeting only during Public Comment periods or when recognized and requested to do so by the Chair.
12. Members of the public should recognize that the Planning Council has no role in procurement or in monitoring the performance of specific providers, and that concerns related to services provided by specific agencies should be addressed to the recipient, not the Planning Council. Such concerns or questions can also be raised at the monthly Affected Communities Committee meetings.

Sanctions

The following measures may be taken if a member of the public fails to comply with the Code of Conduct stipulated above.

1. At any given meeting, a member of the public who repeatedly fails to follow these guidelines, uses disrespectful language or otherwise disrupts meetings or events will be warned and, then if the behavior persists, will be asked by the Chair to leave the meeting. Prior to removing the individual, the Chair of the meeting shall state on the record the reason for removal. Other members will behave in a manner that supports the decision and action by the Chair.
2. If a member of the public repeatedly behaves disrespectfully or disruptively at multiple meetings, the Executive Committee may vote to recommend that the individual be excluded from future meetings. If the member of the public wishes to protest this decision, s/he may file a complaint using the same process stated in the Planning Council's Grievance Policy and Procedures.

POLICY & PROCEDURES - CONFLICT OF INTEREST

"The Planning Council is bound by the Legislative requirements of Ryan White HIV/AIDS Treatment Extension Act of 2009 ("CARE Act") Part A which expressly prohibits Planning Council participation in the selection of specific entities to receive Part A funding, or in the management of provider contracts."

Conflict of interest is defined by the Planning Council Bylaws as *"an interest by a planning council member in an action that may result in personal, organizational, or professional gain."* The conflict of interest may be actual or perceived. Therefore, any council member who is affiliated with or who has a family member affiliated with an agency receiving or competing for Ryan White funds in a specific service category may not participate in decisions involving that service category. The affiliated member may not initiate discussion, introduce a motion or vote on the setting of service priorities, allocation of resources, or development of directives related to that service category.

- **"Affiliated"** is defined as being an employee, paid consultant, contractor, officer or board member, or a volunteer (20 or more hours per week) for an agency receiving or competing for Ryan White funds in a specific service category.
- **"Family member"** is defined as spouse, partner, mother, father, child, or sibling. Being a client of a provider is not considered a conflict of interest.

Management of Conflict of Interest: The Planning Council manages conflict of interest by requiring members to abide by the conflict of interest standards described in the Bylaws and to the guidelines for the management of conflict of interest described below.

1. Each Planning Council member must file a new or updated Conflict of Interest Disclosure Form by January 1st of each year. Those with no conflict of interest must prepare a form with the notation "NONE", sign, date and submit said form. Planning Council members will be able to submit the required form at the February Planning Council meeting immediately before the January 1st deadline. Members absent from that meeting will be responsible for completing and filing a form on or before the deadline.
2. Forms are to be submitted to the Planning Council Staff. Council Staff will ensure copies of the member's declaration(s) are to be retained in the Council files.
3. If the member's affiliation changes, the member must submit a revised declaration form within 30 days of the effective date of the change.
4. Conflict of interest is to be addressed at new member orientation and as part of any ongoing member development. New members are to complete, sign and submit Conflict of Interest Disclosure Form during their orientation session.
5. At the beginning of each meeting of the Planning Council, the Chair or Vice Chair presiding shall direct each member to (1) state his/her name; (2) identify his/her Planning Council membership category and position, if any; (3) and state whether he/she does or does not have a conflict of interest.
6. Any affiliated member with a potential conflict of interest must verbally disclose such at the beginning of any affected discussion.
7. Upon disclosure of his/her affiliation and conflict of interest(s), the Planning Council member may engage in discussion of issues pertinent to the types of services provided by his/her agency but must comply with the limitations imposed and specified below.
8. An affiliated Planning Council member may not make or second a motion on issues directly related to services provided by the agency with which he/she is affiliated.
9. An affiliated Planning Council member may not vote on issues directly related to services provided by the agency with which he/she is affiliated.
10. During priority setting, resource allocation, directive formulation, or reallocation of funds, an affiliated Planning Council member may not

11. During priority setting, resource allocation, directive formulation, or reallocation of funds, an affiliated Planning Council member may not vote on a motions involving a service category(ies) in which they have a conflict of interest.
12. During priority setting or resource allocation, an affiliated Planning Council member may vote on a slate of priorities or allocations that includes multiple service categories even if they have a conflict of interest with one or more, but not all, of the grouped categories.
13. The obligations of Planning Council members under the Conflict of Interest Policy shall extend to any discussions with other Planning Council Members regardless of location.

SACRAMENTO TGA HIV HEALTH SERVICES PLANNING COUNCIL

ANNUAL MEMBERSHIP CONFLICT OF INTEREST DECLARATION

CONFLICT OF INTEREST

Conflict of Interest is of particular significance in the operations of the Council and its committees. The Sacramento Region HIV Health Services Planning Council recognizes the potential for conflict of interest. The following guidelines are intended to identify circumstances in which members should disqualify themselves from acting, so that conflicts of interest may be avoided. Conflict of interest rules are as follows:

1. The Council, as a body, may not designate or otherwise be involved in the selection of particular entities as recipients of any of the amounts provided in the grant.
2. In general, a person has a conflict of interest if that person stands to benefit personally, professionally or financially from the outcomes of a particular decision. More specifically, the following people have a potential conflict of interest:
 - a. An employee or paid contractor of an agency which does, or may, receive funds allocated through the Sacramento Region Ryan White CARE Program;
 - b. A person in a decision making role of an agency or who has other responsibilities for the fiscal management of an agency or organization;
 - c. A person who is related or has a close personal relationship to any person(s) described in (a) or (b) above;
 - d. A person who has a financial interest in the operations of an agency; i.e. landlord, supplier, subcontractor, etc.;
3. Consumers of HIV/AIDS services who are not affiliated with an agency as described in Section 2, are generally not considered to have a conflict of interest;
4. Government officials who do not otherwise have a relationship with an agency as described above in Section 2 and are acting officially for the public agency which they represent, generally do not have a conflict of interest.

A potential conflict of interest does not exclude a person from membership on the Council, its Committees or Work Groups. Given the expertise and experience needed to perform the functions mandated to the Council by the national

legislation, conflicts of interest are inevitable. The Council does seek to maintain a reasonable balance of interests, and may need to limit the total number of persons with a conflict of interest who are selected to participate in certain capacities.

If you believe that you may have a conflict of interest, please respond to one of the statements below:

- a. I, and/or a family member, or person with whom I am closely related, personally serve (have served within the last twelve months) as an employee, or contractor, or other similar capacity, with the following organization(s) that has/have received, or may seek funding from the Sacramento Region Ryan White CARE Program. (Please list.)

1. _____

2. _____

3. _____

- b. I am not sure whether I have an official conflict of interest, but I think the following information may be important:
